

COME TO WORLD OCEAN'S DAY - MARBLEHEAD

Sunday, June 4

1 - 4pm

State Street Landing

Join Sustainable Marblehead as we celebrate 2023 World Ocean's Day – Marblehead with a series of events to raise awareness and inspire action for conserving our precious ocean.

- See the latest green technologies for boating, including a visit from the new Hood e26, a state of the art, all electric powerboat by CW Hood Yachts of Marblehead.
- Hear about future plans for Marblehead Harbor from members of the Harbor Plan Committee related to increasing public access, addressing climate change, and other big plans for the future of the harbor.
- Greet the Rozalia Project's team and the Ted Hood designed boat American Promise at the dock as they arrive (approx. 3pm).
- Learn about microplastics with the Rozalia Project followed by a film screening of "Microplastic Madness," at Abbot Public Library (currently Eveleth School).

6:30 - 8:15pm Microplastics Lab. 8:30pm Outdoor Film
